

DRUG TESTING

Our client has requested that a drug test be performed. Please report to a LabCorp as soon as possible. **You must complete this within one week of accepting the position, or you may be removed from the assignment.**

If there is a positive result, you may be asked to provide information on any prescription medication you are taking at the time of the sample collection.

Please go to <https://www.labcorp.com/wps/portal/> on the web to search for the closest testing facility for LabCorp.

If you have any further questions, please contact us at 877.532.6300
